

1. How do I import pictures of my outfits into the calendar?

To input pictures of your outfits, you will use your phone's camera to take a picture of whatever clothing you would like, and then import the pictures from your camera roll into the calendar. Even If you delete the photos from your album, they will still stay in the app!

2. Can I make myself private on the app?

Yes! Outfitizer has an option of a private calendar in the settings.

3. Is there a premium feature of the app?

Outfitizer is currently in the process of creating a premium feature of the app, which will include an option to sell clothes, and many other amazing extra assets.

4. Is this app only available for Iphone users?

No! Outfitizer is available for all Iphone , Android, and google smart phone users.

5. How does the shopping function work?

Within the shopping feature, users of the app can directly access the online store of clothing brands!

6. What is Outfitizer?

Outfitizer is an app where users can plan out their outfits, shop clothing brands, and view other people's outfits and make and receive comments and suggestions.
